#### **About The Training Associates (TTA)**

Established in 1994, TTA is the largest trainer provider and only company specializing in recruiting, developing, and deploying high-quality trainers and instructional designers to businesses in all industries. As the world's recognized leader in Training Delivery Solutions, TTA is relied upon by all types and sizes of organizations for a broad range of training professionals and consulting services. TTA's vast instructor resources, proprietary systems, and streamlined processes make it possible for organizations to quickly plan, manage, and deliver instructor-led or on-line training, for any size learning project, in any subject, with minimal lead time, and at exceptional cost savings.

TTA has over 25,000 registered training professionals and instructional designers, taught over 750,000 class-days, and, in addition to the many proprietary courses we teach, offers more than 15,000 standard and custom technology and professional business (soft) skills courses. As required, we partner with many training development, technology, and classroom providers to ensure clients receive the best classroom or on-line learning experience at the greatest value in the industry.

Leading technology partners include Microsoft, IBM, HP, Novell, Oracle, Cisco, Adobe, and many others.
